

In re Robert E. MAHONEY, Debtor
No. 98-32417-BKC-SHF

(Cite as: 251 B.R. 748)

The chapter 11 debtor objected to the secured proof of claim filed by a judgment creditor that was based on a final judgment entered by a Pennsylvania court resolving a contract dispute with a former employee of debtor's company. The Court held that the proper valuation for judgment creditor's 45% interest in the company was fair market value on the date judgment creditor resigned from the company.
